## CLIFT WILL BECOME COUNTY OIL INSPECTOR IMMEDIATELY

Court of Appeals Sustains Judge Newell's Decision in County Oil Inspector Case—T. J. Rice's Term Expired Nov. 14.

The Kentucky Court of Appeals Tuesday acted on the Mason County Oil Inspector case which has attracted much interest here and which has been closely watched while it has been at Frankfort.

It will be remembered that in November 1917, just before surrendering his office as County Judge, Judge W. H. Rice appointed his brother, Mr. T. J. Rice as Inspector of Oils for Mason County for a full four year term. Soon after he took the office of County Judge, Judge Purnell appointed Mr. Stanton C. Clift as Oil Inspector. It was thought that Judge Rice had no right to appoint an officer to extend over into another administration and the appointment of Mr. Clift was made to get the court's opinion on the matter.

Immediately upon the appointment of Mr. Clift, Mr. Rice filed suit in the Mason Circuit Court asking an injunction enjoining Mr. Clift from qualifying. Judge Newell, when the case came before him, granted the injunction but in going over the case the records of past Oil Inspectors was brought into the case for review and Judge Newell held that the year term to which Mr. T. J. Rice was appointed expired on November 14, 1919, which gave him only two years to hold. Mr. Rice's attorneys contended that he was entitled to serve a full four year's term and the case was carried to the Court of Appeals.

That Court yesterday sustained Judge Newell's decision in its entirety ruling that Mr. Rice's term expired on November 14th this year which means that his term expired on last Friday week, however, he will hold the office until his successor is duly qualified.

The mandate of the Court of Appeals is expected here this week and will be filed in court on next Monday when the Mason Circuit Court meets for the December term. Immediately upon the filing of this mandate, Mr. Clift will qualify as Oil Inspector and the office will pass to him. This decision ends a discussion that was a very interesting one and one in which considerable interest was taken as it understood the Oil Inspectorship of Mason County pays well. The Inspector collects ten cents a barrel on all coal oil and gasoline received here and as the gasoline shipment to Mason county has become quite heavy since the advent of so many automobiles the office is said to pay a very large sum each year.

Under this decision Mr. Rice loses two years from this term and Mr. Clift's term will not expire until November 14, 1923.

### WINDOW GLASS-SPECTACLES NOT DANGEROUS

If you had your choice between giving up everything you have in this world and losing your eyesight, I am sure you would keep your eyes. Trouble is we never think of these things until we're brought face to face with them. Many people buy spectacles from peddlers that do more harm than window glass spectacles. If you value your eyes, consult only a reliable sight specialist. Come to

"Quick, a quarter's worth of carbolic acid!"

"This is a hardware store, not a drug store," explained the quick-witted sales clerk, "but we have a fine line of ropes, revolvers, and razors."

And so we have—a fine line—though we don't want you to buy them—unless you really need them. Come in—you're entirely welcome.

## MAYSICK TO HAVE BIG FARMERS' INSTITUTE

Arrangements Now Under Way by the Mayslick Community Club to Give Farmers' Institute on Saturday, December 6th.

Such a great success was the Farmers' Institute held last week at Minerva under the auspices of the Minerva Community Club that other clubs in the county are discussing plans for holding such an institute this winter and Mayslick has already started to make plans for one immediately.

Acting upon the request of the officers of the Mayslick Community Club, County Agent George Kirk has written to the State Experiment Station at Lexington asking the Experiment Station officials to furnish speakers for a meeting to be held in the Mayslick School building on Saturday, December 6.

The officers of the Mayslick Club expect to conduct their Farmers' Institute along the same general plans as the one was conducted at Minerva and people will be invited from all parts of the county to be present and hear the speakers on agricultural subjects.

Particulars of the Mayslick Institute will be announced as soon as plans are finally completed.

### BARBOUR TIERRE WITH POETRY AND SWEETNESS

Colonel J. Barbour Russell, one of the best friends of the First District Penny Lunch, this afternoon sent a very fine donation to the Penny Lunch for the benefit of which a show is given tonight at the school house. Pinned to his donation was the following poem:

May the "Shower" bring much tonight And I am sure the "Penny Lunch" will be right.

What shall I send you on this day: Is a thing that makes me think and say, A worthy cause, so my donation must be good;

To help out children get healthy food. The hardest thing for you to get I will send, The "sweetest" thing for their minds to mend;

So hundred pounds of Sugar will be my part, To try and make the children a Happy Heart.

J. BARBOUR RUSSELL.

### DR. ROBERTS MAKES GREAT IMPRESSION

The weather was decidedly in favor of folks staying at home last night, but a nice little crowd was out to hear Dr. Roberts at the Win-My-Clum Week service. And it is safe to say that those who did hear his fine message will cherish the memory of it for many days. Right off at the start Dr. Roberts has shown that he is the very man to speak to the young people. For the next three evenings every young person in Maysville should hear Dr. Roberts and get into the spirit of these meetings.

The service this evening will begin at 7:30 o'clock. The Men's chorus will sing selections. That these meetings will prove of great benefit to the church and share the good things with this people is very evident.

## SINGING IN PRISON WAS SUBJECT OF PASTOR ON SUNDAY

Dr. Barbour Delivers Strong Sermon On Christians Praying God In Unfavorable Circumstances.

Dr. Barbour preached Sunday morning from Acts XVI:25. "At midnight Paul and Silas prayed and sang praises unto God, and the prisoners heard them."

He said: These men remind us that a Christian will find something to praise God for in the most untoward circumstances. They were smug and proud for rescuing a poor girl from designing men. They were ready to help the very people who maltreated them, and it was pretty hard for this to be landed in the stocks.

Now if they had been like some of us they would have repined. They would have said "I knew you were going too far" and Paul would have retorted, "You are just as much to blame as I am." And they would both have said, "It's very strange that God does not protect His workers or these people are not worth suffering for." This kind of work is not appreciated in this town or they would have sat still and discouraged and we would not have blamed them, but, listen, they are singing, and praising God. What had they to praise Him for?

They had life and health and opportunity to preach. They had saved a poor afflicted girl. They were able to serve as their Master had done. They were walking in His footsteps.

There is never a time when we have not something to praise God for. If we reject Emerson's doctrine of Compensation, which is but a kind of tit-for-tat philosophy there is a measure of truth in it. If you have had trouble you have had your health to struggle through; or if health has failed what friends you have had. If you are young and on your back in a sick room you are being fitted for higher service. If you are old and sick you are very near the borders of the good land where troubles never come.

There is always something if you will look for it. Haydn said he could set a Dutch newspaper to music. It was because the fountains of song were in himself. There is much in a happy temperament but there is more in a Christian principle. And man that really believes in God knows that all is ordered for good and will come out for the best in the end.

Think of the good we can do by a happy cheerful spirit. The jailer could have understood a little of Paul's preaching but when he felt that singing they knew there was something there they had not. The very jailer was converted by the evidence of God with them.

There is no better proof of religion than a strong and cheerful spirit. Cecil said that he was converted by his mother's cheerfulness. He was young and contented; she was old and sick but always hearing up with a brave and trusting spirit. Health requires it. The spirit is sustained by it. The prisoners during the Civil War fell to singing. Chaplain McCabe found his power in Libby prison. He was in training for his remarkable career as a singing evangelist and a Bishop.

Oh, but says one. Paul would not have sung if he had known of the earthquake coming. Well, maybe not, but the earthquake was used to arouse the jailer and to bring them all to repentance. Paul is a master of all circumstances. Sometimes he becomes as to Elijah, with a chariot of fire, sometimes, by an angel as when he delivered Peter. Sometimes, as here by an earthquake or other supernatural power, but the real source of his power was that one, "That terrible family trouble!" Well, you'll have to leave these things to God. He holds the key. Some time we'll understand.

We should sing more. Take down the good old hymns of the Church, and read and sing them. They are full of comfort and help. We have all dark days ahead, as well as bright days. Let us trust in God and do our duty and all will be well.

### LAST FOOTBALL GAME OF SEASON PLAYED TOMORROW

The last big foot ball game of the season will be played at Georgetown tomorrow between Centre College and Georgetown College. These meetings will prove of great benefit to the church and share the good things with this people is very evident.

### MIRACLE MAN IS GREATEST OF MOVING PICTURES

"The Miracle Man" which was the big attraction at the Washington Theater Monday and Tuesday night is said by many competent local picture critics to have been the best moving picture seen in Maysville in recent months. The audience was not so large as the quality of the picture deserved.

### LITERARY SOCIETIES GIVE PROGRAM

An open session of the Literary Societies of the Maysville High School was held at the High School Auditorium this afternoon. A splendid program was given and there were many in attendance aside from the students. These open sessions are always quite interesting and always attract many of the parents and friends of the students.

Mrs. C. P. Dierich and children will spend Thanksgiving with relatives and friends in Covington and Cincinnati, Ohio.

## MANY ATTEND OPENING OF NEW BAKERY PLANT

Beautiful New Bakery Is Opened to the Public and Many Attend—One of the Most Attractive Store Rooms in the City.

The local branch of the Federal System of Bakeries was opened to the public in the Knights of St. John building in Third street Wednesday and there were many in attendance during the day to see the beautiful plant and to taste their product. Every woman attending the opening was given a souvenir and although the day was a most disagreeable one, there were many women who braved the weather to see the operation of the new bakery plant.

This bakery is different from most others in that the work of the bakers is done before your eye. Persons visiting the plant today could see every move made in the process of making a loaf of bread, a cake or a supply of doughnuts.

The plant will now continue its operation daily and will sell its product direct to the consumer at their beautiful plant. Everything about the plant is enameled white and perfectly sanitary in every way. It is certain that the plant will meet with great success in the distribution of its product among the people of Maysville and vicinity.

### SKATING RINK WILL BE RE-OPENED TO PUBLIC

The Terpsichorean Club has leased from Mike Brown the Princess Skating Rink in East Second street near the Limestone bridge and they propose to re-open this popular rink on the evening of December 8. It is the purpose of the club to conduct skating and dances in the large building and they propose to book a number of feature dancing artists during the season. The Skating Rink has not been operated for a number of years and those behind the project believe that there will be much in its reopening.

### BAPTIST PASTOR SURPRISED BY HIS CONGREGATION

Some thirty members of the First Baptist Church dropped in unannounced at the home of the pastor, Rev. J. A. Davis on East Second street. Each visitor carried with him a package of something good to eat. In a few minutes the pastor was surrounded by a throng of people and he was assured that his congregation was not so small as he had thought.

### PALE, ANAEMIC GIRLS NEED A BLOOD TONIC

Pepto-Mangan Enriches and Builds Up the Blood

Pallor, Headaches and Shortness of Breath Disappear

Pepto-Mangan Sold in Liquid and Tablet Form.

Why should any girl or young woman continue to have a pale, sallow complexion and a listless, run-down system devoid of energy and vitality? Such young folks are continually unhappy and dejected simply because they accept such a condition as their misfortune, and envy their friends who are in the bloom of health and enjoying all the good things of life.

If such young women would realize that their anemic condition is probably due to thin, impoverished blood, which could easily be enriched by Gude's Pepto-Mangan, how much happier and attractive they would be. Gude's Pepto-Mangan is a safe, beneficial and pleasant tonic for anyone suffering from any ailment caused by poor blood. If taken regularly for a few weeks it will enrich the blood with thousands of the healthy red blood cells that are needed to carry nourishment to every part of the body.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients. Buy Pepto-Mangan at your drug-gist's. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

## COMMUNITY HOUSE MAY BE ESTABLISHED IN MAYSVILLE SOON

Leslie H. Arthur Post American Legion Takes Option on Central Presbyterian Church Building—May Purchase Building in Near Future.

Central Presbyterian Church.

At a meeting of the official board of the Central Presbyterian church held Tuesday it was decided to offer their building in Third street to the Leslie H. Arthur Post, American Legion for \$10,000. This option will extend over a period of considerable time which will be long enough for the local post to ascertain whether or not it will be possible for them to purchase the building.

A meeting of the officers of the Post was held last night at the Chamber of Commerce building when the proposition of the officers of the church was made to them. A committee composed of Stanley E. Reed, Calvert, Early, William Gelsel and C. S. Kirk was appointed to visit the business men and residents of Maysville to solicit funds with which to purchase the building. This committee assisted by other members of the Legion will canvas the community thoroughly before the expiration of the option.

It is the purpose of the Legion if they can raise enough money to purchase the building to make it a sort of Community Building as a Memorial to the Mason county soldiers who gave their lives in the World War and to the men who served faithfully and were permitted to return home. The building is well suited to such a plan. A splendid gymnasium, reading room, auditorium, swimming pool, etc., can be installed in the building and the officers of the Legion figure that at least \$20,000 will be necessary to purchase the building and fit it as they desire it fitted.

The officers of the church reserve two memorial windows which were presented by deceased members of the congregation.

## COMMISSIONERS ISSUE CERTIFICATE TO DODSON

Dr. Dodson's Vote is Tabulated and Election Certificate is Signed—Fight is Now Entirely Up to City Councilmen.

As all restrictions placed on them by a temporary injunction issued by the Mason Circuit Court were removed by the review of the Court of Appeals sustaining Judge Newell's decision in the Purdon-Dodson election contest case, the Mason County Election Commissioners today tabulated the vote received by Dr. J. A. Dodson as a candidate for the City Council from the Third Ward. As Dr. Dodson received a plurality of the votes cast the election certificate was issued to him by the Commissioners and the vote received by all candidates for councilmen was certified to the City Council.

This certification of the vote cast will be placed in the hands of City Clerk R. B. Adair, who will read the same before council at its meeting on the first Monday evening in December.

It is a question being considerably discussed among attorneys just now as to whether or not the old council will be the proper body for the proposed contest to be brought before. It is pointed out by some that the old council is the proper body to receive and canvass the vote cast for the new council and to seat them. If this be the case, the contest may be brought before the present council.

### BROWN COUNTY WOMAN TAKES HER OWN LIFE

Besides her husband she is survived by five children. Mrs. Gray was well known in this neighborhood, having taught in the township schools for several years.

Statements That May Be Investigated.  
Testimony of Maysville Citizens.

When a Maysville citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Maysville resident. No stronger proof of merit can be had.

George H. King, prop., grocery 615 E. Second St., says: "I have used Doan's Kidney Pills off and on for several years, getting them at Chablor's Drug Store and I have been greatly benefited by them. Sometimes the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. When I have been in that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack in quick order."

### AFTER SICKNESS

The great drawback to a complete recovery is that awful weak, dervilized condition which is so hard to overcome. It seems as though every organ in the body lacks strength. Druggists recommend Vinol, the cod liver and iron tonic without oil, as the quickest aid to recovery; it induces a hearty appetite, promotes sound sleep, aids digestion and builds up strength, vim and vitality. Why not try it on this guarantee?

### IN THE DAY'S NEWS

Among all the women of European royalty none enjoys a greater measure of popularity among all classes than does Queen Maud of Norway, who reaches her 50th birthday today. The Queen is a member of the British royal family, being a daughter of the late King Edward VII. and sister of King George. Her childhood was

spent at Sanringham, the favorite home of her parents. It was during a visit of Princess Maud and her sister to their grandparents at Copenhagen that she first met Princess Charles of Denmark, her future husband. There was great opposition to the marriage, as Maud was the daughter of the future King of England and Charles was only a Danish prince. The wedding took place, however, in 1895, in Buckingham Palace chapel. Ten years later, on the separation of Norway from Sweden, Prince Charles was selected to become king of Norway, and ascended the throne as King Haakon VII. The couple have one son the Crown Prince Olaf, a handsome, sturdy youth of 15 years.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. T. C. F. J. CHENEY & CO., Toledo, O.

## Break Your Cold-- Avoid the Flu

Do not fool with depressing, annoying colds this year. A cold today may lead to influenza tomorrow.

Dr. Brady says: "No one has yet discovered a positive method of diagnosing early cases of influenza from alleged colds."

Play safe. Kill your cold now. Turpo, the only turpentine ointment, has really wonderful qualities in relieving colds and congestions.

Turpo is an effective germicide, too, and doctors recommend the use of a good germicide as a flu preventive.

Buy a 30c jar of Turpo now—use it according to directions and secure quick relief from colds and coughs. Snuff a little Turpo up the nostrils several times a day and the flu germs will have little chance of getting a lodging and breeding place.

Go to your druggist now while he has a supply of Turpo on hand. Last year's druggists could not supply the demand.
